

## Praise for **TIDE, FEATHER, SNOW**

“In this deeply honest memoir, **Weiss** reflects on her first seasons living in coastal Alaska, serenely recording the stunning unpredictability of the place and people.”

—*Publishers Weekly*

“**Miranda Weiss’s TIDE, FEATHER, SNOW** is beautifully poetic, her observations are expansive, and the pace and rhythm in which she writes are perfect. **Miranda** is reflective about the life she makes in Homer, Alaska, and her connection to the people and environment. The story is beautiful— like slow cooking—the fullness of flavor comes out in slow simmering. For anyone who is drawn to Alaska, beauty, water, or the poetic, this is a book they will love.”

—**Lynne Cox**, author of *Grayson and Swimming to Antarctica*

“**TIDE, FEATHER, SNOW** is a lovely, feathery book indeed—a labor of love and a pleasure to read.”

—**Edward Hoagland**, author of *Notes from the Century Before*

“**TIDE, FEATHER, SNOW** is about the resplendence and subtleties of coastal Alaska, and about one woman’s attempt to be fully present in them. **Weiss** serves as a skilled and poetic witness to a place undergoing incessant change.”

—**Anthony Doerr**, author of *The Shell Collector*
